

Personal data is obtained by the Organizer (Romanian Game Developers Association) and the partner for this event, Playtika Romania, directly from each participant by completing the registration form. The personal data of the participants will be kept and used to send information to participants before and during the event. Subsequently, the personal data may be kept by the Organizer and its partners for a period of 3 years, corresponding to the general limitation period, to protect the rights of the Organizer and the partners, in compliance with the internal procedures regarding data retention.
